

Icing on the Cake #1

The official newsletter of the NPUA 20th anniversary gala dinner

IT'S GOING TO BE A STONKING PARTY! And all thanks to you... You see, you've been voting with your feet, and wow, it's really encouraging. **We've already sold over a hundred tickets!**

Momentum is certainly building. And just to whet your appetite further, I can now confirm our guest speakers as follows:

Proposing the Toast to NPUA – **Henrik Ehlers (Spikey)**, World Cup and Olympic final umpire, former Chairman of FIH Officials Committee, all the way from Denmark...

Proposing the Toast to our Guests – **Hamish Jamson**, former Olympic and World Cup semi-final umpire, all the way from...er...Leeds

Response on behalf of the Guests – **Kevin Connelly**, acclaimed impressionist and star of smash hit radio show and podcast *Dead Ringers*

What more could anyone ask for a great evening's entertainment? Ok, ok, if you're going to split hairs, perhaps not Hamish, but we'd run out of budget for anyone good by then...

And in case anyone is concerned about female representation, I'll provide you with more details of not just one but *two* female Olympians who are star attractions at this year's NPUA Conference in Icing on the Cake #2...

NPUA ANNUAL CONFERENCE TO BE HELD ON THE SAME DAY, AT THE SAME VENUE

In case a stellar evening is not enough to sate your appetite for wit and wisdom, the NPUA Exec has confirmed that the NPUA Conference, a one day event this year, will be also held at the Nottingham Conference Centre on the same day as the dinner.

Applications to book your place at the conference will be sent out by NPUA Exec shortly, with a discount available to NPUA Full Members. The good news just never stops coming!

For now the message is...

[BOOK YOUR TICKETS](#) – DON'T MISS OUT! NPUA members can pay for tickets using their match expenses, just contact treasurer@npua.co.uk

SPREAD THE WORD AND TELL YOUR FRIENDS (just drop a line to secretary@npua.co.uk and we'll add them to the mailing list!)

All the very best.

Yours,

Box
